---

**OBJECTIVE** To gain employment as a media designer in a fun, creative, and inspiring environment.

---

**EXPERIENCE**

**2000-Present** **Kansas State University** (KSU) co-sponsored this unique contract with the Kansas State Social and Rehabilitation Services (SRS). Began as a Human Resources Policy website designer. Evolved into assisting distance training delivery team by training them in Photoshop, Flash, Dreamweaver, and Lectora, as well as converting existing SRS face-to-face course content into online courses, and delivering face-to-face software training for non-technical staff. Also assisted with programming (Javascript, Perl, Actionscript) and technical issues with their Learning Management System.

**2000-2002** **Oxdragon Design**. Principal designer of freelance firm specializing in Flash, D/HTML, Javascript, and CGI internet design solutions, as well as print design including posters, advertising, company logos, and brochures.

**1998-1999** **University of Nebraska Medical Center** internship. Created and maintained the departmental website for Learning Environment & Internet Services, created course-related websites and provided software training for medical professors. Maintained and upgraded student and faculty computer labs as well as a database tracking available technology within multimedia classrooms and computer labs campuswide.

---

**EDUCATION** **1996-2000** **Creighton University**, B.S. in Computer Science & Minor in Graphic Design. Founded and was elected treasurer of the Creighton chapter of AIGA. Also put experience as an award winning high school yearbook editor to use and became Layout Editor for *Shadows*, Creighton's Journal of Literature and the Arts in 1995 and 1996.

---

**SKILLS**

**Languages** D/HTML, XML, CSS, Actionscript, PHP, JavaScript, C++, Perl, Linux

**Software** Photoshop, InDesign, Pagemaker, GoLive, Premiere, ImageReady, Illustrator, Flash, Swift3D, Dreamweaver, Fireworks, Freehand, Contributor, Lectora, Quark Xpress, SoundForge, GarageBand, SCORM Compliant Learning Management Systems, Content Management Systems, and Microsoft Office.
